

HEALTH CARE DIVISION

BROCHURE

How it all began...

In the year 1999, Cipla Gx began its journey. A journey that has brought us all here. A journey that focuses on health & care. A journey that has made us younger!

And now, we're 25 years old young!

Our path in the pharmaceutical industry began with three pioneering products: Ranitidine, Nimesulide, and Clotrimazole. Over the past 25 years, we've expanded our portfolio, spanning 25+ therapeutic categories and over 200 brands. That's not all! We've expanded across demographics and geographies in India.

With great pride, we can proclaim that we've served millions of Indians nationwide. Thus, making us a truly proud partner of India's healthcare ecosystem.

Our achievements so far...

Cipla Gx's success story is underscored by a series of initiatives:

Digital Revolution in Retail:

Team Birbal empowers 1.5 lakh registered retailers through Phygital mode of business. The platform helps in incentivizing invoice scanning, boosting engagement, and streamlining supply chains.

Digital Innovation in Trade:

Gx connect is a web-based digital platform that simplifies 2500 stockists' processes. It streamlines communication, boosts transparency, minimizes stockouts, and manpower issues.

Consumerization of Brands:

Brands like Cheston, Cipcal, and Easytix have penetrated mass markets, reaching crores of Indians and sustaining growth in a competitive landscape.

Portfolio Expansion:

With various products in the market, Cipla Gx is focused on meeting the patients' needs of receiving better care that's accessible to them.

Proud Partnerships:

Celebrating every milestone with our partners. Personal bonds maintained through business achievements, recognitions, life events, and festivals with Cipla Gx team, CFAs, and stockists.

Deergaayu Program:

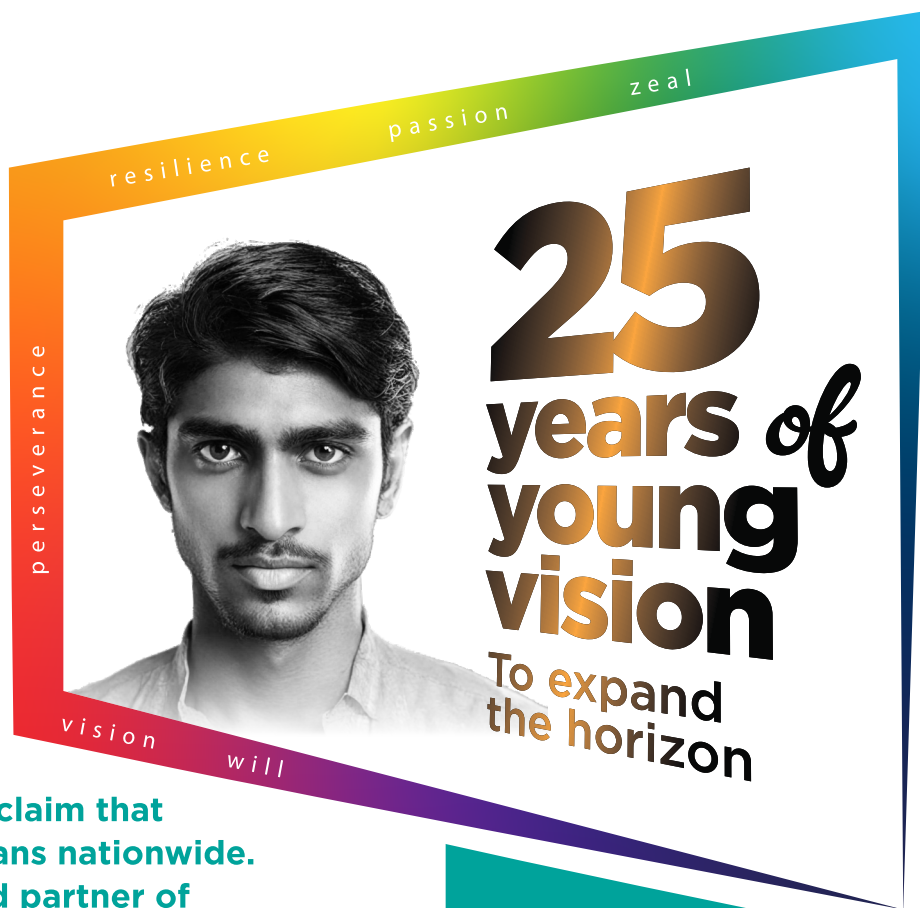

Specifically designed to showcase our cardiac and diabetes portfolio, a movement towards displaying Cipla Gx's comprehensive range of quality products for long-term health solutions.

We have achieved so much more... And we are now all geared up like any other 25-year young would be.

We are widening our horizons and opening up newer possibilities.

Cipla GX now transforms into Cipla Vista

Our intentions are loud and clear - To impact the healthcare ecosystem in this country like never before. And for that, we are ensuring that we become a trusted partner for all our stakeholders - Healthcare professionals, retailers, distributors, and of course, our patients.

Our goals for the future...

Closer to care:

We aim to redefine healthcare by getting closer to the point of care and reaching those who need our specialized care.

Network reach and creation:

Creating a strong network of retailers to enhance product accessibility through phygital interventions.

Consumer Outreach:

Impacting patient lives and building more legendary brands to solidify market presence.

Chronic Segment Focus:

Aiming for a strong contribution from the chronic segment to diversify revenue streams.

Focus on Digitalization:

Embracing digital technologies to enhance operational efficiency and customer engagement, establishing Cipla Vista as a digitally sound company poised for the future.

Our path to glory has just begun... We have a long way ahead!
