About Us

We are honored to introduce **Igma**, a pharmaceutical company with a proud legacy of unwavering commitment to healthcare in India. Our journey commenced in the Utkal belt of Odisha, where in its nascent phase, we meticulously laid the groundwork for our operations, driven by a vision to enhance public health.

Over five decades, **Igma** has grown from its humble origins into a formidable presence in the pharmaceutical sector. We have successfully expanded our operational footprint, and today, we proudly serve the diverse healthcare needs of Madhya Pradesh, Mahakaushal, Chhattisgarh, Andhra Pradesh, West Bengal, and Odisha. This expansion is a testament to our enduring dedication to accessibility, quality, and efficacy in every medicinal offering. We are now planning for a good eye towards Uttar Pradesh & Jharkhand also.

WHY CHOOSE US:

Stringent Quality Assurance: Our manufacturing facilities and processes adhere to the highest international quality standards (e.g., WHO-GMP, ISO certifications). We maintain rigorous quality control at every stage, ensuring the safety, efficacy, and consistent quality of our products.

Regulatory Expertise: The pharmaceutical industry is heavily regulated. Our 50 years of experience mean we are meticulously compliant with all relevant national and state-specific regulations, ensuring smooth operations and reliable product delivery.

Widespread Presence: Our operations in Odisha, Chhattisgarh, Andhra Pradesh, and West Bengal demonstrate our ability to effectively serve diverse geographical regions, reaching a broad patient base.

Robust Supply Chain: We have developed a strong and efficient supply chain network over five decades, ensuring timely and reliable delivery of our products to every corner of our operational areas.
