Vision To Emerge as a Leading, Research-Led,
Global Pharmaceutical Company

Strengthening for Success, Innovating for Impact

At Glenmark, we embody a vision of creating 'A new way for a new world'. Our goal is to democratize healthcare through innovation. Over the years, we have embarked on a journey of strengthening our core business, focusing our endeavors on innovation, and delivering impactful products. Our true measure of success lies in the meaningful differences we make in the lives of patients across the globe.

Our expertise spans our core therapeutic areas of Respiratory, Dermatology, and Oncology, where we have established successful franchises with end-to-end capabilities to meet unmet patient needs. Since our inception, we have been guided by the values of achievement, respect, and knowledge.

Our people have been instrumental in our success. We continue to engage a talented pool of professionals who support our ongoing quest to unlock greater value for patients.

Our dedication to innovation has propelled us up the value chain, transforming us into a leading, research-led, global pharmaceutical Company with a diverse portfolio of advanced drugs.

Through our Ichnos Glenmark Innovation alliance, we are committed to pushing the boundaries of science and creating a meaningful impact in the lives of cancer patients through novel therapies. As we move forward, we anticipate continuous transformation, to stay ahead and set the pace in the industry. We remain focused on our VISION as we progress up the value chain. Our robust, Forward-Looking Strategy encompasses Value Chain Advancement, Innovation, Shareholder Value Creation, Expanding Footprint, Operational Excellence, and Nurturing Sustainability.

Our relentless pursuit of excellence and the potential of scientific achievements enable us to carve a distinct position for Glenmark, ensuring we remain at the forefront of the pharmaceutical industry.
